Building the Bridge to Investors: Our Three-Step Approach

Why Startups Fail: A Matter of Capital, Not Concept

Many startups have strong technology and market potential, but without a thorough, structured funding strategy, they often fail to grow.

.

The Fundraising Challenge

Often, one executive manages fundraising alongside daily operations.

Yet pitch decks, investor outreach, and negotiations are time-intensive and strategically complex.

Solution:

Engaging with experienced external partners to lead the process effectively.

GTC – Your Strategic Partner in Capital Raising

01

Business Optimization

Evaluation and refinement of business models, pitch decks, pipeline and financial models.

02

Investment Readiness & Due Diligence

Preparation for investor meetings and support with due diligence.

03

Our Network Access

Identification and outreach to strategic investors, support during meetings, and contract preparation.
